CANDIDATE QUESTIONNAIRE
OSBA Legislative Policy Committee

Name: Glenn Holum
Region: Marion
District/ESD/CC: North Marion School District 15
Position #: 12

I certify that if elected I will faithfully serve as a member of the OSBA Legislative Policy Committee. My nomination form has been submitted to OSBA (or is attached to this document) as evidence.

Name: Glenn Holum
Date: 9/27/19

Be brief; please limit your responses to 50 words per question.

1. What do you want to accomplish by serving on the Legislative Policy Committee (LPC)?

Ensuring stable, consistent school funding, trying to insulate as best possible the politicization of said funding from session to session. Growing the conduit of communication as it relates to school districts throughout Oregon, by relaying real issues facing school districts, through OSBA, to the legislative houses that ultimately hold the purse strings. Delving into emerging issues that are on the horizon to find collaborative solutions so each and every student has the maximum opportunity to succeed throughout the state in the public education system.

2. What leadership skills do you bring to the LPC? Give an example of a situation in which you demonstrated these skills.

I lead by example, am a hard worker, very much a behind the scenes player to produce tangible results. I and my wife assumed the leadership role of our local all school benefit auction 7 years ago. The proceeds entirely benefit North Marion School District. Serving as chair and vice chair the event has doubled the amount of funds disbursed on a yearly basis. This benefit auction has, funded, drama, sound systems, a lit reader board sign, AED defibrillators installed campus wide, new school safety crossings for Grim Road, new sports uniforms, Spanish language books for our library, the list goes on and on. But each of these projects help our students succeed and it takes no less than 100 volunteers yearly to organize and execute this event.

3. What do you see as the two most challenging legislative issues faced by OSBA?

Stable consistent, non politicized school funding session after session.
Unfunded mandates.

4. What do you see as the two most challenging legislative issues faced by your region?

Consistent and stable funding, especially as it relates to ensuring every student has the opportunity to succeed and graduate.
Curriculum and systems of teaching with proven track records to give an opportunity for every student to not just learn but be provided with the tools and basis for a lifetime of success.
5. What is your plan for communicating with boards in your region about legislative issues?
Regional meetings, OSBA conferences. In person visits and in person communication. Familiarizing myself with Boards within my region and the issues facing each unique district.

Deadline: September 27, 2019, 5 p.m.
