Policy: 300.4 Hiring of Staff

Adopted - June 24, 2001; June 26, 2011; September 18, 2011; March 12, 2016;

January 20, 2017

OSBA believes that hiring qualified individuals to fill positions contributes to the overall strategic success of OSBA. Each employee, while employed, is hired to make significant contributions to OSBA. In hiring the most qualified candidates for positions, the guidelines set out in policy 3500.1 - Employee Ethics and Conflicts of Interest and the following hiring process is applicable.

PROCEDURE:

Personnel Requisitions

Personnel requisitions must be completed in order to fill OSBA positions. Requisitions must be initiated by the program director. All personnel requisitions require approval by the executive director or designee prior to being forwarded to human resources. Personnel requisitions should indicate the position's hours/shifts, status, reason for the opening, essential job functions and qualifications or a current job description may be attached, and any special recruitment advertising instructions. Compensation will be determined in conjunction with human resources.

Job Postings

All regular exempt and nonexempt job openings are posted internally and advertised externally simultaneously. Internal notice will be given via email and the application materials will be posted on the OSBA website. Vacancies will remain posted until the position is filled or at management's discretion.

Positions are advertised externally based upon need and budget requirements. Human resources is responsible for placing all recruitment advertising.

Internal Transfers

Employees who have been in their current position for at least six months may apply for other open positions at OSBA. This required service period may be waived with the consent of the employee's manager and human resources. To obtain a waiver, employees must complete the Internal Job Opening Request Form. The form should be completed and turned into human resources within the first week the job is posted. All applicants for a posted vacancy will be considered on the basis of their qualifications and ability to perform the job successfully. Internal candidates who are not selected will be notified by human resources. Once transferred to a new position, employees will enter into an introductory period of six months for the new position.

Interview Process

Human resources or the hiring director will screen application materials prior to scheduling interviews. Initial interviews are generally conducted by human resources and the hiring director. Team interviews will be conducted for all hires except internal transfers where team interviews may be used. Members of the interview team will be approved by the executive director. When a team interview is conducted, a structured interview process is required. Interview questions should be compiled by the interviewing team and reviewed by human resources.

After the team completes the interview process, the results of the interview should be forwarded to the hiring director for review. The hiring director will make a recommendation to the executive director. The executive director has ultimate responsibility for making a hiring decision.

All applications and resumes of applicants not selected will be forwarded to human resources for appropriate retention. Human resources will notify applicants who are not selected about the closing of OSBA positions.

Reference Checks, Criminal Background Checks, and Drug Testing

Once a decision has been made regarding interest in hiring an applicant, an offer will be made contingent upon satisfactory completion of reference checks and, as appropriate, criminal background checks. The hiring director or human resources will check references for all candidates. As appropriate, human resources will contact final candidates to complete a pre-employment drug screen. Drug testing site maps and hours of operation information are available from human resources.

Job Offers

Once human resources receives satisfactory results from the reference checks, criminal background check and the drug screen, as appropriate, human resources or the hiring director will notify the candidate and confirm the initial offer.

Initial Start Date and Orientation

On the initial start date, new employees will complete required paperwork and orientation. Supervisors will complete the New Hire Checklist with new employees. All required paperwork should be returned to human resources, including the original application materials within one week of hire date.

As part of the annual budgeting process the Board will receive information from the executive director or the executive director's designee documenting compensation ranges for all positions and a compensation report for positions with compensation of \$100,000 or more. The Board will review and approve, in the aggregate, funds to be allocated for total compensation, which would include aggregate amounts for salaries, bonuses and all other related expenses, including funds allotted for benefit plans, as recommended by the executive director.

Adopted - June 26, 2011; September 28, 2013; January 20, 2017

The Board, in its policy-making function, determines how the association's funds shall be spent when it considers the annual budget, as prepared and presented by the executive director and staff. The budget is presented first to the Budget Committee, consisting of the Executive Committee and the Finance Committee, then to the entire Board. Once the budget is authorized, it shall be the guide for the officers and the executive director in the expenditure of all funds. In the event that the total authorized budget is to be exceeded in any fiscal year, the executive director or staff shall request an amendment to the budget at the next available board meeting. The budget, presented by the executive director to the Board shall include an estimated ending cash balance (reserve) equal to at least 15 percent of the budgeted annual expenditures for the budget period.

Policy: 400.5 Investment Procedures

Adopted - January 20, 1996; June 21, 2013; January 23, 2015; January 20, 2017

Temporarily idle funds or reserves of the association and its trust shall be considered surplus funds of the association and shall be invested according to provisions of the OSBA Investment Policy Guidelines (Appendix I). The executive director is designated the custodial officer of these funds.

The primary objective of investments of surplus funds is protection of the principal. The second objective is to maintain the liquidity to meet projected or unexpected cash needs. The third is to attain the best possible total return (yield and market appreciation) while retaining liquidity and minimizing the risk.

The Board will review and adopt revisions, as appropriate, of specific investment policy guidelines to govern the investments of association surplus funds and trust reserves.

Policy: 400.55 Endowment Spending

Adopted - June 19, 2016; January 20, 2017

The Finance Committee shall recommend the amount of funds available for annual distribution from OSBA's investments endowment \$50,000,000, restricted reserve \$15,762,867 and unrestricted reserve (this amount changes each year). The investments are to be invested in keeping with the investment objectives described in the investment policy. The endowment (\$50,000,000) is only able to be expended by a two thirds vote of the general membership of

OSBA and a two thirds vote of the Board. The restricted reserve (\$15,762,867) is not able to be expended except by two thirds vote of the Board.

A prudent portion of the annual earnings and/or realized gains of the investments may be expended each year for operations to provide services to OSBA members. A spending policy such as the following will be used.

1. Calculate the average investments value over a period of three years.
2. Calculate a percentage of that value - five percent.
3. The resulting dollar amount can be distributed at the beginning of the year or in installments throughout the fiscal year as needed.

This spending policy shall be reviewed annually by the Finance Committee to ensure that earnings and accumulated appreciation are adequate to sustain the distribution.

The Finance Committee may adjust the spending rate percentage, annually, as it deems appropriate in order to fulfill the association's purposes described in the budget, but in no event shall the spending rate percentage be lower than three percent or higher than six percent, unless specifically authorized by a vote of the Board. This calculation shall be completed and presented to the Finance Committee at their January meeting to determine the amount of distribution available to be included in the budget for the next fiscal year.

Policy: 1000.1 Board Ethics and Conflicts of Interest

Adopted - September 18, 2011; January 20, 2017

Reviewed - January 20, 2012; March 15, 2013

No board member will use his/her official position or office to obtain personal financial benefit or to avoid financial detriment for him or herself, relatives, household members or for any business with which the board member, a household member or a relative is associated.

This prohibition does not apply to any part of an official compensation package, honorarium allowed by Oregon Revised Statute (ORS) 244.042, reimbursement of expenses, or unsolicited awards of professional achievement. Further, this prohibition does not apply to gifts from one without a legislative or administrative interest. Nor does it apply if the gift is under the annual \$50 gift limit from one who has a legislative or administrative interest in any matter subject to the decision or vote of the board member. Meals at board meetings are acceptable under the reimbursement of expenses exception.

I. Conflicts of Interest

“Business” means any corporation, partnership, proprietorship, enterprise, association, franchise, firm, organization, self-employed individual or any legal entity operated for economic gain. This definition excludes any income-producing tax exempt 501(c) not-for-profit corporation with which a public official or a relative of the public official is associated only as a member or board director or in a nonremunerative capacity.

“Business with which a board member or relative is associated” means any private business or closely held corporation of which a board member or relative is a director, officer, owner, employee or agent or any private business or closely held corporation in which a board member or relative owns or has owned stock, another form of equity interest, stock options or debt instruments worth \$1,000 or more at any point in the preceding year; any publicly held corporation in which a board member or relative owns or has owned \$100,000 or more in stock or another form of equity interest, stock options or debt instruments at any point in the preceding calendar year; or any publicly held corporation of which a board member or relative is a director or officer.

“Relative” means the spouse¹, parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law of the Board member; or the parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law of the spouse of the Board member. Relative also includes any individual for whom the Board member has a legal support obligation, whose employment provides benefits² to the Board member, or who receives any benefit from the Board member’s public employment.

“Member of the household” means any person who resides with the public official.

No board member will solicit or receive, either directly or indirectly, any pledge or promise of future employment based on any understanding that the board member’s vote, official action or judgment would be thereby influenced.

No board member will attempt to use or use for personal gain any confidential information gained through his/her official position or association with the OSBA. A board member will respect individuals’ privacy rights when dealing with confidential information gained through association with the OSBA.

If a board member participates in the authorization of a public contract, the board member may not have a direct beneficial financial interest in that public contract for two years after the date the contract was authorized.

Individual board members and the board as a public entity are bound by the ethics laws for public officials as stated in Oregon law.

Potential Conflict of Interest

“Potential conflict of interest” means any action or any decision or recommendation by a board member that could result in a financial benefit or detriment for self or relatives or for a business with which the board member or relatives are associated, unless otherwise provided by law.

A board member must publicly declare a potential conflict of interest. A board member may, after declaring his/her potential conflict of interest, either vote or abstain on the issue. Abstaining from a vote does not meet the legal requirement of publicly stating a potential conflict.

¹The term spouse includes domestic partner.

²Examples of benefits may include, but not be limited to, elements of an official compensation package including benefits such as insurance, tuition or retirement allotments.

Actual Conflict of Interest

“Actual conflict of interest” means any action or any decision or recommendation taken by a board member that would result in a financial benefit or detriment to self or relatives or for any business with which the board member or relatives are associated, unless otherwise provided by law.

A board member must publicly declare an actual conflict of interest. The board member may not vote lawfully if an actual conflict of interest exists unless a vote is needed to meet a minimum requirement of votes to take official action. Such a vote does not allow the board member to participate in any discussion or debate on the issue out of which an actual conflict arises.

Class Exception

It will not be a conflict of interest if the board member’s action would affect to the same degree a class consisting of all inhabitants of the state, or a smaller class consisting of an industry, occupation or other group including one of which or in which the person, or the person’s relative or business with which the person or the person’s relative is associated, is a member or is engaged. For example, if a board member’s spouse is a member of the collective bargaining unit, the board member may vote to approve the contract, as it will affect all members of that class to the same degree. However, if the collective bargaining unit is very small, the class exception may not apply. Similarly, if the contract contains special provisions that might apply only to particular persons, then the class exception may not apply. For example, if a board member’s spouse is the only one in the bargaining unit that has a doctorate and there is a pay differential for employees with doctorates in the collective bargaining agreement, the board member should not vote on the contract.

II. Gifts

Board members are public officials and therefore will not solicit or accept a gift or gifts with an aggregate value in excess of \$50 from any single source in a calendar year that has a legislative or administrative interest in any matter subject to the decision or vote of the board member. All gift related provisions apply to the board member, their relatives, and members of their household. The \$50 gift limit applies separately to the board member and to the board member’s relatives or members of household, meaning that the board member, each member of their household and relative can accept up to \$50 each from the same source/gift giver. “Gift” means something of economic value given to a board member without valuable consideration of equivalent value, which is not extended to others who are not public officials on the same terms and conditions.

“Relative” means the spouse³, parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law of the Board member; or the parent, step-parent, child, sibling, step-sibling, son-in-law or daughter-in-law of the spouse of the Board member. Relative also includes any individual for whom the Board member has a legal support obligation, whose employment provides benefits⁴ to the Board member, or who receives any benefit from the Board member's public employment.

“Member of the household” means any person who resides with the board member.

³The term spouse includes domestic partner.

⁴Examples of benefits may include, but not be limited to, elements of an official compensation package including benefits such as insurance, tuition or retirement allotments.

Determining the Source of Gifts

Board members should not accept gifts in any amount without obtaining information from the gift giver as to who is the source of the gift. It is the board member's personal responsibility to ensure that no single source provides gifts exceeding an aggregate value of \$50 in a calendar year, if the source has a legislative or administrative interest in any matter subject to the decision or vote of the board member. If the giver does not have a legislative/administrative interest, the ethics rules on gifts do not apply and the board member need not keep track of it, although they are advised to do so anyway in case of a later dispute.

Determining Legislative and Administrative Interest

A "legislative or administrative interest" means an economic interest distinct from that of the general public, in any action subject to the decision or vote of a person acting in the capacity of a board member. For example, everyone within a county has a general interest in the fire department, but the person who sells the uniforms to the fire department has a legislative/administrative interest in the fire department that is distinct from the general public.

Determining the Value of Gifts

The fair market value of the merchandise, goods, or services received will be used to determine benefit or value.

"Fair market value" is the dollar amount goods or services would bring if offered for sale by a person who desired, but was not obligated, to sell and purchased by one who is willing, but not obligated to buy. Any portion of the price that was donated to charity, however, does not count toward the fair market value of the gift if the board member does not claim the charitable contribution on personal tax returns. Below are acceptable ways to calculate the fair market value of a gift:

1. In calculating the per person cost at receptions or meals the payor of the board member's admission or meal will include all costs other than any amount donated to a charity.

For example, a person with a legislative or administrative interest buys a table for a charitable dinner at \$100 per person. If the cost of the meal was \$25 and the amount donated to charity was \$75, the benefit conferred on the board member is \$25. This example requires that the board member does not claim the charitable contribution on personal tax returns.

2. For receptions and meals with multiple attendees, but with no price established to attend, the source of the board member's meal or reception will use reasonable methods to determine the per person value or benefit conferred. The following examples are deemed reasonable methods of calculating value or benefit conferred:
 - a. The source divides the amount spent on food, beverage and other costs (other than charitable contributions) by the number of persons whom the payor reasonably expects to attend the reception or dinner;
 - b. The source divides the amount spent on food, beverage and other costs (other than charitable contributions) by the number of persons who actually attend the reception or dinner; or
 - c. The source calculates the actual amount spent on the board member.

3. Upon request by the board member, the source will give notice of the value of the merchandise, goods, or services received.
4. Attendance at receptions where the food or beverage is provided as an incidental part of the reception is permitted without regard to the fair market value of the food and beverage provided.

Value of Unsolicited Tokens or Awards: Resale Value

Board members may accept unsolicited tokens or awards that are engraved or are otherwise personalized items. Such items are deemed to have a resale value under \$25 (even if the personalized item cost the source more than \$50), unless the personalized item is made from gold or some other valuable material that would have value over \$25 as a raw material.

Entertainment

Board members may not solicit or accept any gifts of entertainment over \$50 in value from any single source in a calendar year that has a legislative or administrative interest in any matter subject to the decision or vote of the board member unless:

1. The entertainment is incidental to the main purpose of another event (i.e., a band playing at a reception). Entertainment that involves personal participation is not incidental to another event (such as a golf tournament at a conference); or
2. The board member is acting in their official capacity for a ceremonial purpose.

Entertainment is ceremonial when a board member appears at an entertainment event for a “ceremonial purpose” at the invitation of the source of the entertainment who requests the presence of the board member at a special occasion associated with the entertainment.

Examples of an appearance by a board member at an entertainment event for a ceremonial purpose include throwing the first pitch at a baseball game, appearing in a parade and ribbon cutting for an opening ceremony.

Exceptions

The following are exceptions to the ethics rules on gifts:

1. Campaign contributions are not considered gifts under the ethics rules;
2. Gifts from “relatives” and “members of the household” to the Board member are permitted in an unlimited amount; they are not considered gifts under the ethics rules;
3. Informational or program material, publications, or subscriptions related to the recipient’s performance of official duties;
4. Contributions made to a legal expense trust fund if certain requirements are met;
5. Food, lodging, and travel generally count toward the \$50 aggregate amount per year from a single source with a legislative/administrative interest, with the following exceptions:
 - a. Organized planned events. Board members are permitted to accept payment for travel conducted in the board member’s official capacity, for certain limited purposes:

- (1) Reasonable expenses (i.e., food, lodging, travel, fees) for attendance at a convention, fact-finding mission or trip, or other meeting do not count toward the \$50 aggregate amount IF:
 - (a) The board member is scheduled to deliver a speech, make a presentation, participate on a panel, or represent the OSBA; AND
 - (i) The giver is a unit of a:
 - 1) Federal, state, or local government;
 - 2) An Oregon or federally recognized Native American tribe; OR
 - 3) Nonprofit corporation.
 - (b) The board member is representing the OSBA:
 - (i) On an officially sanctioned trade-promotion or fact-finding mission; OR
 - (ii) Officially designated negotiations or economic development activities *where receipt of the expenses is approved in advance by the board.*
 - (2) The purpose of this exception is to allow board members to attend organized, planned events and engage with the members of organizations by speaking or answering questions, participating in panel discussions or otherwise formally discussing matters in their official capacity. This exception to the gift definition does not authorize private meals where the participants engage in discussion.

6. Food or beverage, consumed at a reception, meal, or meeting If held by an organization and If the board member is representing the OSBA. Again, this exception does not authorize private meals where the participants engage in discussion;

“Reception” means a social gathering. Receptions are often held for the purpose of extending a ceremonial or formal welcome and may include private or public meetings during which guests are honored or welcomed. Food and beverages are often provided, but not as a plated, sit-down meal;

7. Food or beverage consumed by board member acting in an official capacity in the course of financial transactions between the public body and another entity described in ORS 244.020(6)(b)(I)(i);
8. Waiver or discount of registration expenses or materials provided to board member at a continuing education event that the board member may attend to satisfy a professional licensing requirement;
9. A gift received by the board member as part of the usual or customary practice of the board member’s private business, employment or position as a volunteer that bears no relationship to the board member’s holding of public office.

Honoraria

A board member may not solicit or receive, whether directly or indirectly, honoraria for the board member or any member of the household of the board member if the honoraria are solicited or received in connection with the official duties of the board member.

The honoraria rules do not prohibit the solicitation or receipt of an honorarium or a certificate, plaque, commemorative token or other item with a value of \$50 or less; or the solicitation or receipt of an honorarium for services performed in relation to the private profession, occupation, avocation or expertise of the board member or candidate.

Employees may also use sick leave to make arrangements for or provide initial assistance to an ill family member, but sick leave should not be used to provide extended household or child care.

Employees that are equal to or greater than .5 FTE shall have 40 hours of sick time front loaded each calendar year. Employees less than .5 FTE shall accrue paid sick time at one hour per 30 hours of time worked or 1 1/3 hours per 40 hours of time worked. Sick time can be used to care for themselves or "family members," as defined in OFLA, for the following reasons outlined in the state sick time law:

1. Mental or physical illness;
2. Injury or health condition;
3. Need for medical diagnosis, care or treatment of a mental or physical illness, injury or health condition;
4. Need for preventive care; or
5. For reasons consistent with the Oregon Family Leave Act (OFLA).

In addition, in the event of a public health emergency, employees will be allowed to access their annual allocation of sick time, as needed.

New employees become eligible to use their sick time upon their 91st day of employment.

When the employee uses sick time for a foreseeable absence, the employee shall take reasonable effort to schedule the sick time in a manner that does not unduly disrupt the operations of the association (e.g., work deadlines, conference, mandatory activities/meetings).

If the reason for using sick time is unforeseeable, such as an emergency, accident or sudden illness, the employee shall notify the association as outlined in the employee handbook.

The association reserves the right, after three consecutive days of absence, to require proof of personal illness or injury from an employee, including a medical examination by a physician chosen and paid for by the association. An employee refusing to submit to such an examination or to provide other evidence as required by the association, shall be subject to appropriate disciplinary action, up to and including dismissal.

The appropriate use of sick time may not lead to, or result in, an adverse employment action against the employee.

If the employee does not use the full 40 hours of sick time by the end of the calendar year, the hours will not carry over to the next year. The employee will not be paid for unused sick time once the employee no longer works for the association. This does not impact or affect the carryover and accumulation of an employee's standard sick leave.

Employees are allowed financial benefits, such as their official compensation package, reimbursed expenses, limited honoraria and unsolicited awards for professional achievement. Employees are prohibited from using or attempting to use their position to obtain a financial gain or to avoid a financial detriment for the employee, a relative or member of the household of the employee, or any business with which the employee, relative, or member of the household of the employee is associated, if the opportunity for financial gain or avoidance of a financial detriment would not otherwise be available but for the employee's position with OSBA. Specifically, this means that:

1. Employees must pay for any personal use of OSBA equipment. See the *OSBA Employee Handbook* for personal use of OSBA equipment and price list.
2. OSBA's supplies, facilities, equipment, employees, records or any other public resources are not to be used to engage in private business interests. For example, an OSBA-owned computer cannot be used to commercially sell products or services.
3. Employees may not use discounts offered by private companies for the employee's personal benefit if the discount is only offered because of the employee's OSBA position. For example, the employee may use the discount to purchase items for OSBA. Employees can also accept the discount if it is also available to a substantial segment of the population who are not employees of OSBA.
4. The employee's position is not to be used to take official action that could have a financial impact on a private business with which the employee or a relative are associated. For example, if an employee's brother owns a pest-control business which is seeking a contract with OSBA, the employee must declare an actual conflict of interest in writing, describing the nature of the conflict, and provide this to the human resources department.
5. Confidential information gained as an employee is not to be used to obtain a financial benefit for the employee, a relative or a business with which any are associated.
6. During a calendar year an employee or a relative may not solicit or receive, directly or indirectly, any gift or gifts with an aggregate value in excess of \$50 from any single source that could reasonably be known to have a legislative or administrative interest.

Definitions:

- a. A "legislative or administrative interest" means an economic interest, distinct from that of the general public in any matter where an employee would make a decision or vote. Example: Purchase or leasing of a copy machine. Purchase of a service for OSBA. Purchase of a product for OSBA.

9. During a calendar year, a person who has a legislative or administrative interest may not offer to an OSBA employee or a public official or a relative of the employee or public official any gift or gifts with an aggregate value in excess of \$50.

11. Gifts do not include:

- a. An unsolicited token or award of appreciation in the form of a plaque, trophy, desk item, wall memento or similar item, with a resale value reasonably expected to be less than \$25.
- b. Admission provided to or the cost of food or beverage consumed by an employee or relative or staff of the employee when accompanying the employee, at a reception, meal or meeting held by an organization when the employee represents OSBA.
- c. Reasonable food, travel or lodging expenses provided to an employee, a relative of the employee accompanying the employee, or a staff member when the employee is representing OSBA where receipt of the expenses is approved in advance.

- e. Entertainment provided to an employee or a relative that is incidental to the main purpose of another event.
- f. Entertainment provided to an employee or a relative where the employee is acting in an official capacity while representing OSBA in a ceremonial purpose.

Definition:

- (1) "Member of household" means any person who resides with the employee.

Policy Section: 3700 Harassment/Nondiscrimination

Policy: 3700.1 Harassment

Adopted - January 20, 2017

Reviewed - March 16, 2012; March 15, 2013; June 21, 2013

The OSBA is committed to the elimination of harassment in the OSBA's offices and at OSBA events. Harassment is strictly prohibited and shall not be tolerated. This includes harassment of staff by other staff, Board members or third parties. "Third parties" include, but are not limited to, volunteers, visitors, service contractors or others engaged in OSBA business, such as employees of businesses or organizations participating in cooperative work programs with OSBA and others not directly subject to OSBA control. "OSBA" includes OSBA facilities, premises and non-OSBA property if the employee is at any OSBA-sponsored, OSBA-approved or OSBA-related activity or function where the employee is engaged in OSBA business.

The definition of "harassment of staff" shall include, but is not limited to, unwelcome sexual advances, requests for sexual favors and other verbal, nonverbal or physical conduct of a sexual nature when:

1. The conduct or communication has the purpose or effect of demanding sexual favors in exchange for benefits;
2. Submission to or rejection of the conduct or communication is used as the basis for employment or assignment of staff;
3. The conduct or communication is so severe, persistent or pervasive that it has the purpose or effect of unreasonably interfering with an employee's ability to perform his/her job; or creates an intimidating, offensive or hostile working environment. Relevant factors to be considered will include, but not be limited to, did the individual view the environment as hostile; was it reasonable to view the environment as hostile; the nature of the conduct; how often the conduct occurred and how long it continued; age and sex of the complainant; whether the alleged harasser was in a position of power over the staff member subjected to the harassment; number of individuals involved; age of the alleged harasser; where the harassment occurred; and other incidents of harassment involving the same or other staff.

Examples of sexual harassment may include, but not be limited to, physical touching or graffiti of a sexual nature, displaying or distributing of sexually explicit drawings, pictures and written materials, sexual gestures or obscene jokes, touching oneself sexually or talking about one's sexuality in front of others or spreading rumors about or rating others as to appearance, sexual activity or performance.

All complaints about behavior that may violate this policy shall be promptly investigated. Any employee who has knowledge of conduct in violation of this policy or feels he/she is a victim of harassment must immediately report his/her concerns to the supervisor, HR director, staff counsel or deputy executive director, who has overall responsibility for all investigations. The staff member who initiated the complaint shall be notified of the findings of the investigation and, if appropriate, that remedial action has been taken.

The initiation of a complaint in good faith about behavior that may violate this policy shall not adversely affect any terms or conditions of employment or work environment of the staff complainant. There shall be no retaliation by the OSBA against any person who, in good faith, reports, files a complaint or otherwise participates in an investigation or inquiry of harassment.

It is the intent of the OSBA that appropriate corrective action will be taken by the OSBA to stop the harassment, prevent its recurrence and address negative consequences. Employees in violation of this policy shall be subject to discipline, up to and including dismissal and/or additional harassment awareness training, as appropriate. Other individuals whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the deputy executive director.

Additionally, the OSBA may report individuals in violation of this policy to law enforcement officials.

The deputy executive director will establish a process of reporting incidents of harassment, shall ensure appropriate periodic harassment awareness training or information is provided to all supervisors and staff, and that annually, the name and position of OSBA officials responsible for accepting and managing harassment complaints, business phone numbers, addresses or other necessary contact information is readily available. This policy as well as the complaint procedure will be made available to all staff in the employee handbook.

Policy: 3700.2 Nondiscrimination

Adopted - June 14, 2009; September 21, 2012; January 20, 2017

OSBA prohibits discrimination and harassment on any basis protected by law, including but not limited to, an individual's perceived or actual race, color, religion, sex, sexual orientation⁹, national or ethnic origin, marital status, age, mental or physical disability, pregnancy, familial status, economic status, veterans' status, or because of the race, color, religion, sex, sexual orientation, national or ethnic origin, marital status, age, mental or physical disability, pregnancy, familial status, economic status, veteran's status, or of any other persons with whom the individual associates.

In keeping with requirements of federal and state law, OSBA strives to remove any vestige of discrimination in employment, assignment and promotion of personnel.

⁹“Sexual orientation” means an individual’s actual or perceived heterosexuality, homosexuality, bisexuality or gender identity, regardless of whether the individual’s gender identity, appearance, expression or behavior differs from that traditionally associated with the individual’s sex at birth.

The deputy executive director shall appoint and make known in the staff handbook the individuals to contact on issues concerning the Americans with Disabilities Act and Americans with Disabilities Act Amendments Act of 2008 (ADA), Section 504 of the Rehabilitation Act of 1973, Title VI, Title VII, Title IX and other civil rights or discrimination issues. OSBA will provide complaint procedures providing for prompt and equitable resolution of employee complaints in the employee handbook.

Federal civil rights laws prohibit discrimination against an individual because he/she has opposed any discrimination act or practice or because that person has filed a charge, testified, assisted or participated in an investigation, proceeding or hearing. ADA further prohibits anyone from coercing, intimidating, threatening or interfering with an individual for exercising the rights guaranteed under the Act.

Policy: 3700.3 Whistleblower and Nonretaliation

OSBA expects each employee, officer and board member to observe the highest standards of workplace ethics in performing duties and responsibilities. This policy is intended to make clear how to report a concern or complaint about fiscal matters, employment matters, ethical matters or violations of local, state, or federal law. This policy is also intended to assure the employee that he/she will not be retaliated against for reporting a concern or complaint in good faith.

Reporting

Complaints or reports may be made on a confidential basis. Anonymous complaints may also be made and will be investigated to the extent that sufficient facts and details are provided in order to allow for an investigation. The confidentiality of the whistleblower will be maintained except as necessary to conduct a thorough investigation and within the limitations of law.

Reports can be made to the executive director, deputy executive director, human resources department, staff counsel or OSBA outside counsel as designated by the Board; currently the firm of Hart Wagner. Nothing in this policy requires the individual reporting a complaint or concern to present the matter to the person who is the subject of the complaint. The reports can be verbal or in writing.

Resolution of Complaints

All reported allegations will be promptly and fully investigated. Investigations may be conducted by a staff member or by a hired investigator. Corrective action will be taken as warranted. Employee discipline is generally a confidential matter.

Retaliation

The OSBA prohibits retaliation against staff or others for bringing forth good faith complaints or reports or for participating in a review or investigation, proceeding or hearing, under this policy. This protection also extends to those whose allegations are made in good faith but are mistaken. Retaliation includes, but is not limited, to harassment, disciplinary action or limits to future promotion opportunities.

When an employee has, in good faith, a reasonable belief the association has: violated any federal, state or local, law, rule or regulation; has engaged in mismanagement or gross waste of funds; has abused authority or created a substantial and specific danger to public health and safety by its actions; and an employee then discloses or plans to disclose such information, it is an unlawful employment practice for the association to:

1. Discipline, discharge, demote, transfer, reassign, take disciplinary action against an employee or threaten any of the these actions;
2. Withhold work or suspend an employee;
3. Discriminate or retaliate against an employee with regard to promotion, compensation or other terms, conditions or privileges of employment;
4. Direct or discourage an employee to not disclose information regarding the above;
5. Require an employee to give noticed prior to making any disclosure of information regarding the above;
6. Interfere with an employees attempts to disclose information regarding the above;
7. Prohibit an employee from discussing, either specifically or generally, the activities of the state or any agency of or political subdivision in the state, or any person authorized to act on behalf of the state or any agency of or political subdivision in the state, with:
 - a. Any member of the Legislative assembly;
 - b. Any Legislative committee staff acting under the direction of any member of the legislative assembly; or
 - c. Any member of the elected governing body of a political subdivision in the state or any elected auditor of a city, county or metropolitan service district.

An employee who has general questions regarding this policy or its applicability may consult with their director, human resources department, staff counsel, executive director or deputy executive director.

Policy: 3800.3 Social Media - Board Members

Adopted - September 21, 2012; January 20, 2017

Reviewed - March 16, 2012

The purpose of this policy is to address the increasing popularity and usefulness of social media as a rapidly evolving means of communication. The policy is to provide important standards and guidelines when using social media.

Staff shall abide by the association's guidelines as set forth in the staff employee handbook.

Participation in social media on behalf of OSBA is not a right but an opportunity. Board members are expected to treat this opportunity with due seriousness and respect, and are expected to follow the terms and conditions for any third-party sites. Failure to abide by these guidelines could put any board members participation at risk.

The following are official guidelines for participating in social media for OSBA and are applicable for any OSBA board member personally creating or contributing to blogs, social networks or any other kind of social media.

Definitions

1. "Social Media" is an umbrella term for various forms of communication consisting of user-created text, audio and video published in a shared online environment, such as over the Internet or through mobile telephone networks, including but not limited to, social network services (i.e., Facebook, Twitter, LinkedIn, etc.), blogs, texts, forums or message boards, audio/video content commodities (i.e., You Tube, Flickr), etc.
2. "Intellectual Property" is a product of the intellect (knowledge) that has commercial value, including copyrighted property such as literary or artistic works, and ideational property, such as patents, appellations of origin, business methods, and industrial processes.

Board members who use social media for association purposes are to always conduct themselves in a professional manner according to this policy and any other applicable policies and procedures.

All Board members will maintain OSBA's confidentiality, legal guidelines for speech and personal privacy. Everything on the Internet is public and searchable. Ultimately individual postings are the responsibility of the individual. Board members should have no expectation of privacy while using OSBA email addresses or while sending to OSBA computer systems and other devices. OSBA will monitor and investigate the use of equipment and associated sites as necessary.

“Confidential information” includes, but is not limited to, litigation and client-related information.

OSBA supports transparency and is committed to ensuring all postings clearly disclose relationships or endorsements, and that statements about OSBA products are truthful and substantiated. All published material must be true and not misleading, and all claims must be substantiated and approved.

APPENDIX I

Adopted: January 21, 1996

Re-adopted June 13, 1997; June 19, 1998; June 18, 1999; June 18, 2000; June 24, 2001; June 23, 2002; June 22, 2003; June 27, 2004; June 26, 2005; June 23, 2006; June 22, 2007; June 20, 2008; June 12, 2009; Sept. 11, 2009; June 11, 2010; June 26, 2011; July 19, 2012; March 15, 2013; June 20, 2014; June 20, 2015; June 17, 2016; June 25, 2017

This investment policy governs two separate funds of money:

1. Surplus funds of the Oregon School Boards Association (OSBA).
2. Surplus funds of the OSBA Property and Casualty Education Trust (PACE).

The goal in investing funds is to achieve an optimum rate of return (defined as income plus realized and unrealized capital gains and losses) while ensuring protection of invested cash. The fund seeks a total return of long-term capital appreciation and income net of fees in the range of 4-5% annually adjusted for inflation. Consistent with a spending policy of 3-6% annually of the fund's three-year trailing average principle value, it is anticipated this total return will be enough to support spending from the fund. Such funds may be invested by the executive director of the Oregon School Boards Association or the executive director's designee as the custodial officer.

The Executive Director shall be permitted to enlist an outside investment agency for the purpose of managing operating reserve funds.

INVESTMENT OBJECTIVES

1. To retain liquidity and provide income to meet projected or unexpected cash needs.
2. To attain the best possible total return (yield and market appreciation) while retaining liquidity and minimizing risk.
3. To assure the safety of principal.

These objectives are ranked in order of importance. No "speculative" activity on securities is permitted.

1. Investment

The OSBA Board of Directors has adopted the following asset allocation formula for OSBA's investment advisor. The formula is consistent with the desired objectives and risk tolerances of the funds.

Asset Category	Preferred Allocation	Target Range
Equities	40%	20-50% Bonds/Fixed
Income	55%	30-70%
Cash/Equivalents	5%	0-20%

2. Exception

The above formula may be altered to either reduce market risk or optimize opportunities to capitalize on expected market movement.

Diversification

The purpose of diversification is to insure that no single investment, security, class of investments or industry group will have a dominant position in the portfolio of investments.

1. In order to minimize the risk of large losses in individual security positions, the portfolio will be constructed to attain extensive diversification in both equity and fixed income investments with no material concentration of plan assets in any single security or industry group with the exception of U.S. Government and Agency obligations.
2. Economic Sectors: It is expected that the equity component of the portfolio will reflect a broad economic sector diversification.

Portfolio Constraints

1. Permitted Transactions

- a. Federally insured certificates of deposits, savings accounts, and money market funds that invest in government backed securities.
- b. Bank repurchase agreements, banker acceptances, and commercial paper.
- c. United States Treasury Bills and United States Government Securities that are backed by full faith of the United States Government.
- d. Investment grade (BBB) or better individual corporate or municipal bonds.
- e. Exchange traded funds.
- f. Open end and closed-end mutual funds.
- g. Equities of Corporations listed on the New York Stock Exchange (NYSE), American Stock Exchange (AMEX), and large and medium capitalization companies listed on National Association of Securities Dealers Exchange (NASDAQ).
- h. Master Limited Partnerships (MLPs).
- i. Real Estate Investment Trusts (REITs)

2. Fixed Income Securities

- a. Quality - In addition to government Treasuries and Agencies, all other marketable issues held should have a minimum quality rating of investment grade or better, at time of purchase as designated by a recognized rating service. For purposes of commercial paper holdings, issues held should have a minimum quality rating of "A1 -PI", as defined by a recognized rating service.
- b. Maturity - The average duration will not exceed 10 years.
- c. Limitation - The maximum investment in any one fixed income security will be limited to 5% of the fixed income portfolio, at time of purchase (Government and Agency obligations are excluded from this limitation).
- d. Commercial paper and repurchase agreements, as well as convertible securities and bonds, are considered acceptable assets.

3. Equity Assets

The equity assets will be managed in accordance with the following criteria:

- a. Minimum criteria for direct investment in a stock:

Market Value	1 Billion
Minimum Trading Volume	1 Million per day average over a 5 day period
Annual Sales	1 Billion
- b. The equity investment in any single company should not exceed 5 percent of the fund's assets. Investments in mutual funds or ETF's would not be subject to this limit.
- c. Investment in Mid, Small Cap, and International equities may also be made through the use of mutual funds or ETF's. Mutual funds and/or ETF's selected will be diversified and generally conform to the above-mentioned company and industry guidelines.
- d. Exchange Traded Funds (ETF) are open-end funds that trade like a stock and are designed to track an index. Therefore, ETF's should be used to provide the desired diversification in the portfolio where allocation weighting is small (less than 5% of portfolio).

Prohibited Transactions

1. No assets shall be invested in non-negotiable and non-marketable issues.
2. No assets shall be invested in commodity contract, derivatives, futures, junk bonds, limited partnerships.

 - a. Fixed Income – The fixed income portion of the portfolio will be measured against the Bloomberg Barclay's Intermediate Government Corporate Bond Index.

A register of investments will be kept by the executive director at all times. The association’s investments will be reviewed with the board annually. Additionally, the investment policy will be reviewed annually with the board.

2. Custody/Safekeeping of Assets

3. Investment Audits

Once every other year the board of directors or executive director will provide for an audit of the association’s investment activity to assure compliance with all applicable laws and policies.
