CTE - Agile Learning Environments

- CTE space is always driven by the educational program.
- The space types used by CTE vary greatly.
- Communities will have different programs.
CTE - Agile Learning Environments

• Visit your community business leaders.
• Seek opportunities to partner with your businesses.
• Use a balanced approach to CTE. Recognize that CTE can only augment a student's learning. It should not replace core curriculum.
• Have CTE students share their successes on Facebook etc.
• Help your local paper tell the story of your CTE successes.
• Have students do quarterly CTE reports for the Board.
• Invite CTE parents to tell the CTE story to their peers.
• Create a product.
CTE - Agile Learning Environments

• Flexibility & Durability
CTE - Agile Learning Environments

• Abundant Overhead Power
CTE - Agile Learning Environments

- Flexible/Accessible HVAC
CTE - Agile Learning Environments

• Flexible Furniture
CTE - Agile Learning Environments

• Teaming Spaces
CTE - Agile Learning Environments

• Walls as Thinking Space
CTE - Agile Learning Environments

• Tool Room, Tool Carts
CTE - Agile Learning Environments

• Materials Storage
CTE - Agile Learning Environments

- Indoor/Outdoor Learning
CTE - Agile Learning Environments

• Presentation Space
CTE - Agile Learning Environments

• Visibility / Safety
CTE - Agile Learning Environments

• Adaptable Lighting
CTE - Agile Learning Environments

• Be Specific when needed
