

STUDENT SUCCESS ACT: WHAT'S NEXT?

WE DID IT!

Together we saw the Student Success Act's passage in 2019.

At your local Fall Regional meeting you can learn what's next, including:

- Planning for needs assessments and effective community engagement.
- Ensuring accountability and transparency while your schools create better outcomes for students.

We will also provide a full scoop on other important legislation from the 2019 session and tell you how those bills affect your schools.

Please join the conversation and exchange ideas with other board members in your region.

We want to hear from your school board!
