2019 FALL REGIONAL MEETINGS

STUDENT SUCCESS ACT: WHAT’S NEXT?
Welcome to Fall Regionals!

As always, thank you for all you do on behalf of Oregon’s schoolchildren. We are proud to stand with you in advocating for them.

WE DID IT! After years of effort, OSBA members and staff, in concert with our education partner organizations, worked together to see the Student Success Act pass in the 2019 legislative session. This was a monumental effort, and the foundations were constructed at meetings just like this one, where our members consistently identified revenue reform and cost containment as our primary legislative priorities.

Our OSBA Board set aside as much as $1.5 million over the past year to ensure the act’s passage through our advocacy campaign, known as Oregonians for Student Success. The campaign created numerous opportunities for our members to interact with legislators, and resulted in more than 11,000 contacts from our campaign followers to lawmakers. It was an unprecedented effort by our organization, and thanks to you, an incredible win for our students.

Now comes the continuing work with our communities to put those hard-earned dollars where they belong, to identify positive outcomes for our students, to advocate for equity and address the achievement gap, and to make transparency and accountability a reality.

Together we have made incredible progress. Let’s continue creating opportunities for our students to succeed.

Tass Morrison
President, OSBA Board of Directors

HELPS SCHOOLS USE DATA ANALYTICS to create annual budgets, model different scenarios and make strategic decisions for optimal student outcomes.

OSBA is proud to be investing $1.5 million to make FORECAST5 ANALYTICS applications more affordable for Oregon schools. Learn more about this partnership: forecast5analytics.com/oregon
HOW CAN WE HELP YOU?
OSBA has been helping locally elected volunteer school board members fulfill their complex public education roles since 1946.

LEGISLATIVE AND ADVOCACY SERVICES
OSBA lobbies on behalf of public education, guided by the legislative priorities developed by the Legislative Policy Committee. OSBA arranges board member appearances and provides expert testimony in committee meetings and hearings.

CHARTER AUTHORIZER SERVICES
With years of experience in charter school authorizing and specific expertise in charter school operations, oversight and processes such as application, renewal, annual evaluation and closure/termination, OSBA staff can help with charter requirements. We also provide training and professional development to school boards in their roles as charter school authorizers.

COMMUNICATION SERVICES
The OSBA Communication Services team delivers the news that matters to Oregonians and helps schools deal with the media. When a crisis strikes your schools, OSBA’s team can help craft your message and handle internal and external communications.

EXECUTIVE SEARCH SERVICES
OSBA can expertly guide boards through the process of hiring a superintendent or president, relieving stress associated with conducting an executive search. We ensure that you find a leader with the qualities you, your community and staff seek.

LABOR RELATIONS SERVICES
We assist districts and community colleges with systems and processes that improve relationships with employees through workshops, regional meetings, bargaining support, contract analysis, classification studies, HR-related guidance and analyses as well as arbitration representation.

LITIGATION SERVICES
Whether you need quick legal advice or long-term guidance, you can rely on the OSBA Litigation Services team to assist, represent and guide you.

POLICY SERVICES
We provide comprehensive policy drafting and maintenance to help you meet legal requirements and the specific needs of your board.
