REGARDING FEES FOR INTERSCHOLASTIC PARTICIPATION**

RECITALS:

2. Senate Bill 208 allows school districts to charge charter schools a fee for each student enrolled at the charter school who participates in interscholastic activities with the school district. The maximum fee is five percent of the amount of the school district’s General Purpose Grant per ADMw, as calculated under ORS 327.013 per student per year, regardless of the number of interscholastic activities that a student participates in. An additional fee of up to five percent per course can be charged when a course is required for participation in the interscholastic activity.

This amount will be due to the [School District] within [two weeks after a roster is submitted to OSAA] [by October 1 for fall activities, December 15 for winter activities and March 15 for spring activities].
2. [Charter School] will also pay an additional [\$200] per course for each student who participates in a course for credit that is required for participation in an interscholastic activity.
